SMALL COMPANY GIVES 5,000 CANES FREE OF CHARGE TO VETERANS ACROSS THE COUNTRY

Alpharetta, Georgia... A program that will provide free canes to Veterans of World War II was recently launched by a small company in Alpharetta, Georgia. Can-Am Care, LLC, the makers of the *HUGO Folding Cane* and other state-of-the-art mobility assistance products, instituted this program, “*HUGO Salutes Our Veterans*,” to recognize the support and efforts the members of the United States Armed Forces made for our country during World War II. 5,000 *HUGO Folding Canes with Interchangeable Handles* will be provided at no charge to Veterans who may be in need of mobility assistance.

Can-Am Care LLC is the maker of the *HUGO Folding Cane with Interchangeable Handles*, which was designed with assistance from the non-profit Georgia Tech Research Institute, a leader in the ergonomics of mobility. Can-Am Care began this initiative to honor the parents and relatives of its employees who served in World War II and give back in a small way to those who graciously gave so much to America.

The *HUGO Folding Cane* is the most versatile, functional and ergonomically correct cane in the world. The *HUGO Folding Cane* is adjustable to different heights, and fits most people between 5’ to 6’5” and can support up to 550 pounds. The patented Shock Absorbing Tip is flared with an ultra grip edge for extra stability and traction on all kinds of terrain, in all kinds of weather. A safety strap at the handle provides extra confidence. The *HUGO Cane* easily folds into four sections and can be conveniently stored in its handy pouch. A Sure-Lock System ensures cane rigidity and stability. The *HUGO Folding Cane* is also the only cane to feature an interchangeable handle option which allows the user to customize the cane.

Phil Willis, principal of Can-Am Care, said, “The parents and relatives of those that work at our company who served in World War II helped to secure the prosperity that Americans now enjoy. Were it not for the selfless service of our Vets, companies such as ours would probably not exist. All of us at Can-Am Care want to celebrate our success with those who directly or indirectly made it possible. Our company mission is all about helping people stay active and connected to family, friends and the community.”

“This generous effort represents the appreciation of private citizens and of companies for the selfless service of all those who have served our country. We deeply appreciate Can-Am’s support of America’s Veterans,” said Christopher Scheer, Public Affairs Supervisor at the Department of Veterans Affairs.

Can-Am Care is a maker of high quality mobility assistance devices, including the *HUGO Folding Cane*, the *HUGO Folding Walker*, the *HUGO Rolling Walker with a Seat*, and the *HUGO Transport Chair*, available at national retail chains including Sam’s Club, Wal*Mart and Costco. Can-Am Care is also the maker of the HUGO Navigator, a revolutionary, two-in-one product that converts easily from a rolling walker to a transport chair.

Veterans are encouraged to contact Can-Am Care toll-free at 1-888-412-4992 Monday-Friday, 8am-6pm EST or www.HUGOSalutes.com. Proof of service may be required.
